**KEMIACHEM CO., LIMITED.**

## Technical Data Sheet

**Product name:** SODIUM DIISOBUTYL DITHIOPHOSPHATE

**Molecular formula:**  $(C_4H_9O)_2PSSNa$

**Main content:** Sodium diisobutyl dithiophosphate

**Specifications:**

Item	Specification
Appearance	Faint yellow to jasper liquid
pH	10-13
Mineral substances %	49-53

**Application:** Used as the flotation collector for copper, zinc sulphide ore and gold, silver and other precious metal minerals , as well as poor foaming.

**Packaging:** Plastic drum & iron drum, net weight 200kg / drum.

**Storage:** Store in a cool, dry, ventilated warehouse.

**Note:** According to the customers' specifications and packaging requirements.
