Technical Data Sheet

Product Name	Potato Starch (food/ industrial grade)	
Specification	Appearance: shiny white powder Odour: NO Purity: no foreign substance Palate: no sand tooth Moisture: 8.0 - 20.0 % pH: 6.0 - 8.0 Protein: 0.10% max Ash: 0.30 max Speckle: 3.50/cm ² max Fineness: 99.90%/cm ² min Whiteness: 92.0% min Viscosity 4% dry basis 700cmg/BU: ≥ 1300 SO ₂ : 10 mg/kg max As: 0.30 mg/kg max Lead: 0.50 mg/kg max Total Bacteria: 5000 Cfug max Mold & Yeast: 500 Cfug max Intestinal Bacteria: 30 MPN/100g max	
Application	Food grade Potato Starch is widely used in kinds of food industries. Industrial grade Potato Starch is widely used in kinds of industries, such as paper, textile, building, etc.	
Hazard Class	Non-dangerous goods	
Packing	25kg /bag	
Quantity / 20'FCL	21 MTS without pallets
