KEMIACHEM CO., LIMITED.

Technical Data Sheet

Product Name	N-Isopropyl-N'-phenyl-1,4-phenylenediamine	
Synonyms	IPPD; Antioxidant IPPD (4010NA)	
CAS No	101-72-4	
Molecular Structure		
Specification	Appearance Dark brown to Purple brown granules Purity 95% MIN Soften point 70 DEGREES C MIN Ash 0.2% MAX Loss on drying 0.3% MAX	
Application	Include the use in pneumatic ,an antioxidant for nature rubber and many kinds of synthetic rubber , especially for the prevention of thermal deterioration on NBR ,These goods can be used in heated vessels and the Torrid Zone .	
Hazard Class	Non-hazard cargo	
Packing	net in 20kg bag or 25kg bag	
Quantity /20'FCL	15.5MTS without pallets
